Cabinet
Model 5500
a \$400 value

- The ultimate in precision and the ultimate in electronics combined
- Automatic tension—patented C.B. Hook
- Guided motion zig zag—stitch quality
- Presser foot lifter controlled with knee, leaving hands free for sewing
- Electronic needle stop. Places needle in highest position at end of sewing for easy removal of work
- Forward and reverse stitches for more decorative versatility
- Innovative bobbin winding device
- Easy basting and top stitching with a flip of a switch
- Patented clamp-on presser feet
- D.C. motor giving more needle penetrating power—sews jeans with ease!
